

Current Procedural Terminology (CPT) codes Hearing Diagnostic & Vestibular Instruments 2009 National Average

Vestibular Diagnostic

92531	Spontaneous nystagmus, including gaze
92532	Positional nystagmus
92533	Caloric vestibular test each irrigation (binaural, bithermal stimulation constitutes four tests)
92534	Optokinetic nystagmus
92541	Spontaneous nystagmus, with recording - <i>\$54.00 national average reimbursement per test</i>
92542	Positional nystagmus test. minimum of four positions, with recording
92542	<i>\$38.00 national average reimbursement per test</i>
92543	Caloric vestibular test, each irrigation (binaural, bithermal stimulation constitutes four tests), with recording
92543	<i>\$25.00 national average reimbursement per test</i>
92544	Optokinetic nystagmus test. bidirectional, foveal or peripheraistimulation, with recording
92545	<i>\$43.00 national average reimbursement per test</i>
92546	Oscillator tracking test, with recording - <i>\$40 national average reimbursement per test</i>
92547	Sinusoidal vertical axis rotational testing - <i>\$70.00 national average reimbursement per test</i> Use of vertical electrodes (list separately in addition to code for primary procedure i.e. use 92547 in conjunction with codes 92541-92546)

Balance Platform

Assessment (mCTSIB & LOS)

92700	Unspecified Procedure Code (must be accompanied by written report)
Vestibular Rehabilitation and Training	
97001	Initial - \$115 - \$192 national average reimbursement (to be used by Physical Therapists only)
97110	Therapeutic exercises - \$42 - \$105 national average reimbursement
97112	Neuromuscular reeducation of movement, balance, coordination, kinesthetic sense, posture, and proprioception - \$42 national average reimbursement
97530	Functional exercise - \$44 for each 15 minutes national average reimbursement

Note: Audiologists can not be reimbursed for Rehab with Medicare patients. For Non-medicare patient reimbursement will depend on the insurer.

Evoked Potential (ABR)

92584	EJectrocochleography - <i>\$101.00 national average reimbursement per test</i>
92585	Auditory evoked potentials for evoked response audiometry
92586	and/or testing of the central nervous system - <i>\$104.00 national average reimbursement per test</i> Auditory evoked potentials - limited - <i>\$75.00 national average reimbursement per test</i>

Visible Speech and REM

92590	Hearing aid examination and selection - monaural - <i>\$50.00 national average reimbursement per test</i>
92591	Hearing aid examination and selection - binaural - <i>\$63.00 national average reimbursement per test</i>
92594	Electroacoustic evaluation for hearing aid - monaural - <i>\$14.00 national average reimbursement per test</i>
92595	Electroacoustic evaluation for hearing aid - binaural - <i>\$49.00 national average reimbursement per test</i>
